Master Sgt. Godwin - who has been named Robins' NCO of the Year for the past three years - leads the base's 12-member Weather Support flight. Their mission is to provide weather data to the flight line and maintenance crews, and they are required to maintain an accuracy rating of 85 percent.

Godwin also takes part in the Air Force's only special operations weather team.

He shared the web address where civilians may track Robins' weather data:

CLUB AWARDED GRANT FUNDS

A total of \$2,600 has been awarded to our club through Rotary's District Simplified Grants program. The funds are earmarked for our dictionary and book donation projects.

THIS MONTH IN THE ROTARIAN

Watch your mailbox for January's issue of *The Rotarian* magazine, which tackles the serious matter of sanitation in cover story **Nowhere To Go**. People die for want of a toilet, and fixing the problem might be the most polite thing we can do.

Among the other articles inside are:

French Lessons - Interactors in Rignac, France, help out close to home and abroad.

First Aid Without Borders - Wouldn't it be nice if you could take an emergency room with you when you travel? You can't. But here's what you can pack.

Up Front - Rotarian Danielle Hall's 300-mile bike ride

Up Front - Home Makeover: Rotary edition

Insider - Declining child mortality numbers worldwide
